IN SCHOOL SUPPORT

CPD in Your Setting

We deliver training days and staff meeting sessions as part of our wider CPD. We cover a range of areas with a wide pool of specialists to draw upon. All of our sessions are based on extensive research and tried and tested working methods from within our schools and our wider network.

In School Reviews

Offering a fresh perspective and insight can be key to making next steps. We offer subject reviews in all areas of the curriculum including broader areas such as SEN and Pupil Premium. Alternatively, these reviews can be pieced together in to form whole school reviews looking at pre-determined areas and the broader picture.

Leadership and Teaching Support

We offer bespoke 1:1 or group support to enable identified staff to take the next steps in their development journey.

Positive Handling Training

Train and certify your staff through our accredited Positive Handling and de-escalation service. We ensure that all training and certification is tailored to the needs and specific nature of your context.
